The Safe ELD is designed to make your job easier. This manual might be used by drivers, mechanics, fleet managers, dispatchers, or anyone accessing the Safe ELD.

The Safe ELD is installed in the cab of the truck. It measures the distance you travel, and captures location [via a global positional system (GPS)], route, and operational data from the truck.

### Download

Downloading the SafeELD App Please ensure you have installed a Vehicle Gateway inside your vehicle before continuing. Refer to the Vehicle Gateway Manual for more details. Download the **SafeELD App** from:

 Google Play Store (for Android phones/ tablets).

2

### **Connect ELD**

Connecting your mobile device to the Vehicle Gateway 1 Tap on Settings from your device's

2 Tap on Bluetooth within Connections.

## Main page

Recording drive time to your ELD Record

A green ELD icon will appear in the top right corner of the main Logs page to indicate that you have successfully connected to the Vehicle Gateway.

When your vehicle is moving 5 mph or more, Safe ELD considers the vehicle to be IN MOTION and will automatically update your current duty status to DRIVING.

mph, the vehicle is considered STATIONARY.

If the vehicle remains stationary for five minutes, a message will appear to ask if you would like to change your current duty status or remain in your current duty status. You have one minute to make a selection, otherwise your current duty status will automatically change from STATIONARY to ON DUTY.

### **Duty status**

**Changing duty status** 

- You can change duty status by tapping the current and selecting one of the alternate statuses listed.
- Or go to the app's main menu and tapping on the status icon.

![](_page_5_Figure_5.jpeg)

There are four standard duty status options on the Safe ELD. Your carrier might allow you to use the two optional statuses. Each status is color-coded.

### OFF DUTY

Off duty, you are not working.

![](_page_5_Picture_9.jpeg)

ON DUTY On duty, but you are not driving.

#### SLEEPER BERTH

Time spent in the berth

#### DRIVING

Your status changes to Driving as soon as the vehicle is in motion (at 5 miles per hour).

#### Personal conveyance

You are using the truck for personal conveyance. This time counts as Off duty in your hours of service. (optional per motor carrier)

#### Yard move

You are moving around the yard or off public roads. Your time counts as On Duty in your hours of service. (optional per motor carrier)
