### 4.3 Edit and Modify the Log Record

Only assigned driver can edit the log and certify the log. Once you edited or modified the log, it will show the original log and modify version.

#### 4.3.1 Driver and Carrier's Authority

Drivers have authorities to modify their own log during the current trip. Carrier also can modify the log after receiving permission from the driver. It will show the original and modified version for both drivers and carriers.

#### 4.3.2 Edit a Log Record

Go to the log record need to modify, click edit to edit existing log and click add to add an log record in driver's log.

Please note, driver and owner have different authority to modify log record. The default setting, driver can only modify current day's log record.

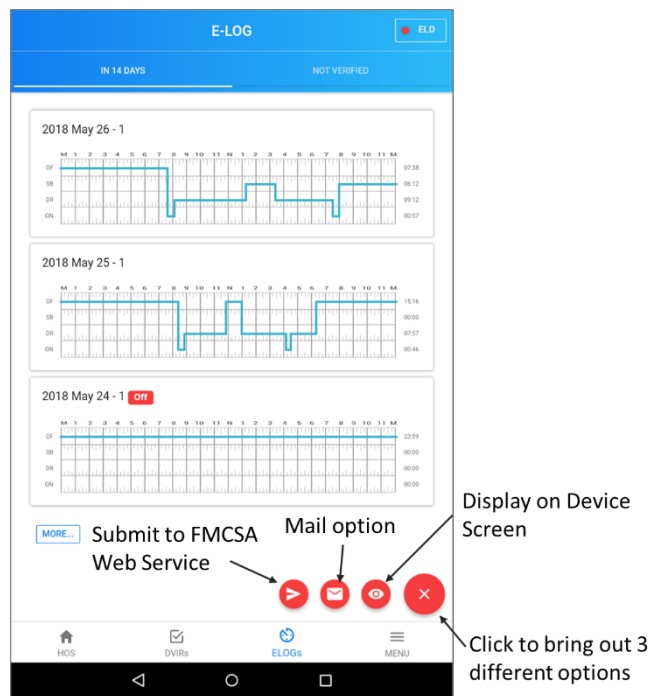

# 5 DOT Roadside Inspection Guide

## 5.1 Roadside inspection guide

When in contact with safety authorized officers or any other DOT roadside inspection, please follow the following procedures to provide your HOS record to safety authorized officer. There are three different option to provide your driver log record for inspection.

### 5.1.1 HOS record Inspection options

1. Submit to FMCSA Web Service
2. Mail HOS records to safety authorized officer's email
3. Display on the device

### 5.1.2 Submit to FMCSA Web Service

Click Submit to FMCSA Web Service button to submit your HOS record to FMCSA Web Service. Your Safety authorized officer might ask you to key in his/her inspection code in submit comments.

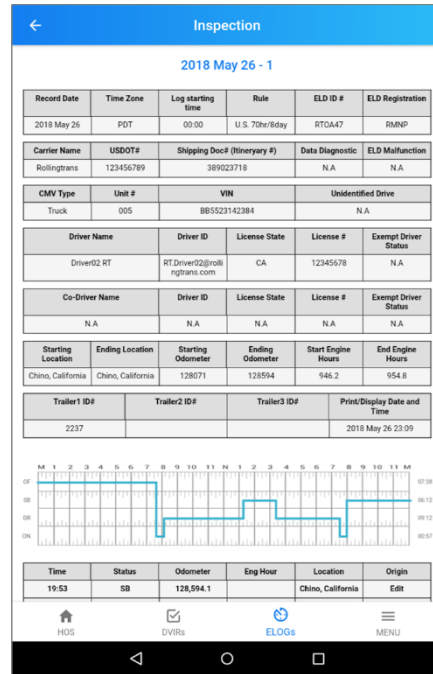

### 5.1.3 Mail Option

Click Mail option button and select date and including days to send your HOS record to Safety authorized officer's designated email address.

### 5.1.4 Display HOS Record on device screen

Click Display HOS record button, then you can display your past 8 days HOS record on your device screen for Safety authorized officer's inspection

### 5.2 Back-up Driver Log Data

Owner account of motor carrier has responsibility to export each driver's log record and store in your local storage location or any other place to back-up your drivers date. According to FMCSA ELD final rule ELD system provider will only back-up your driver's HOS Record for 6 months.

## 6 Appendix

### 6.1 Contacting Rollingtrans

Drivers should first contact their fleet manager in their motor carrier who owns ELD System App Owner account with any questions. Fleet manager may contact their Rollingtrans representative, when needed.
